BTM Layout · Bengaluru

NEW · SMILE SHIELD 6

# Intervention today for a healthy smile tomorrow

A preventive dental programme with a check-up every 6 months, so small problems are caught while they are still small.

**3–14** YEARS AGE GROUP

## What every Smile Shield child gets

- **Check-up every 6 months** — Teeth, gums and bite, twice a year
- **Fluoride application** — When your child's risk calls for it
- **Growth assessment** — Jaws, bite and new adult teeth
- **Preventive measures** — Sealants, diet and brushing tips
- **Treatment if required** — Early care, before problems grow
- **Diary and welcome gift** — For every child who joins
